Guidance on Equine Influenza Vaccination:

The Society expects all equine entries to have an up-to-date equine influenza vaccination record. They must have received two primary vaccinations which are given not less than 21 days and not more than 92 days apart.

If sufficient time has elapsed the equine entry must also have received a booster vaccination which is given not less than 150 days and not more than 215 days after the second component of the primary vaccination, and further booster vaccinations at intervals of not more than a year apart. None of the vaccinations must have been given on the day of entry to the showground or on any of the six days before entry to the showground.

Note: Minimum requirements are the two primary vaccinations, plus seven days before entry to the showground. Foals six months of age or older must meet the minimum equine influenza vaccination requirement.

Please note that spot checks will be carried out and disciplinary action will be taken if not compliant.
